

THE CORE FLOOR STANDING BOTTLED WATER COOLER

Offering a choice of **ambient and chilled**, or **hot and chilled** water, the Core Bottled Water Cooler is our most popular bottled water cooler; ideal for both home and workplace.

With its high-capacity tank, and fast dispense rate, it is the perfect machine for offices – serving up to 30 people comfortably. The slimline design and robust build quality means this machine looks good in any space.

The Core Water Cooler is suitable for most industries and fits all standard water bottles, including 11, 15, and 19 litre bottles.
